1. Which of the following best **describes what you do**?
   - Student, full-time or part-time
   - Professional programmer, writing code for work
   - Hobbyist programmer, writing code for fun or outside of work
   - Consultant/Freelancer
   - Researcher
   - Other, please specify

2. What **programming languages** do you usually use? Select up to 3 from the list below.
   - Python
   - JavaScript
   - TypeScript
   - Java
   - Ruby
   - Go
   - C#
   - Rust
   - Html
   - Other, please specify

3. Think of the language you have used the most with OurTool. How **proficient** are you in that language?
   - **Beginner** – I can write a correct implementation for a simple function
   - **Intermediate** – I can design and implement whole programs
   - **Advanced** – I can design and implement a complex system architecture

4. Which best describes your **programming experience**?
   - I'm a student/learning to program
   - 0 to 2 years professional programming experience
   - 3 to 5 years professional programming experience
   - 6 to 10 years professional programming experience
   - 11 to 15 years professional programming experience
   - More than 16 years professional programming experience

5. **In which of the following ways** have you used OurTool (select all that apply):
   - For everyday coding work in a familiar language
   - For everyday coding work in a unfamiliar language
   - To write particularly repetitive code (boilerplate) in a familiar language
   - To write particularly repetitive code (boilerplate) in an unfamiliar language
   - To write tests in a familiar language
   - To write tests in a unfamiliar language
   - To explore a new language, framework, or API

- To learn how to code

6. Are you **planning to use** OurTool for projects at work?
    - Yes, I am planning to use OurTool for projects at work
    - Yes, I am already using OurTool for projects at work
    - No, I will only use OurTool for projects outside of work
    - No, I intend to stop using OurTool

7. Think of the way you have been using OurTool **the most**. Which of the following is it?
    - With a language I am familiar with
    - With a language I am not familiar with

8. *(If "familiar" selected)* Which of the following has been your **primary** use of OurTool?
    - For everyday coding work
    - To write particularly repetitive code (boilerplate)
    - To write tests
    - To explore a new framework, or API
    - To expand or increase my expertise in the language

9. *(If "not familiar" selected)* Which of the following has been your **primary** use of OurTool?
    - To learn how to code
    - For everyday coding work
    - To write particularly repetitive code (boilerplate)
    - To write tests
    - To explore a new language, framework, or API
    - To explore a more specialized/advanced area that I'm not an expert in

10. Thinking of your experience using OurTool so far, please indicate your **level of agreement** with the following statements. *Use N/A if a statement does not apply to the way you have used OurTool*:

    - I complete tasks faster when using OurTool
    - I am more productive when using OurTool
    - I spend less time searching for information or examples when using OurTool
    - I complete repetitive programming tasks faster when using OurTool
    - While working with an unfamiliar language, I make progress faster when using OurTool

11. Thinking of your experience using OurTool so far, please indicate your **level of agreement** with the following statements. *Use N/A if a statement does not apply to the way you have used OurTool*:

- Using OurTool helps me stay in the flow
- Using OurTool is distracting
- I feel more fulfilled with my job when using OurTool
- I can focus on more satisfying work when using OurTool
- I spend less mental effort on repetitive programming tasks when using OurTool

12. Thinking of your experience using OurTool so far, please indicate your **level of agreement** with the following statements. *Use N/A if a statement does not apply to the way you have used OurTool*:

- OurTool is useful
- OurTool is easy to use
- OurTool is appealing to use
- I learn from the suggestions OurTool shows me
- Getting help from OurTool while coding is easy

13. Thinking of your experience using OurTool so far, please indicate your **level of agreement** with the following statements. *Use N/A if a statement does not apply to the way you have used OurTool*:

- I spend a lot of effort to understand the suggestions OurTool shows me
- While working with a familiar language, I make progress more slowly when using OurTool
- I find OurTool helpful when writing comments
- I find OurTool helpful when planning out code to implement
- I understand how to prompt OurTool so that it gives me useful responses

14. Thinking of your experience using OurTool so far, please indicate your **level of agreement** with the following statements. *Use N/A if a statement does not apply to the way you have used OurTool*:

- I am concerned about the quality of my code when using OurTool
- I am concerned about the licensing of my code when using OurTool
- I find myself less frustrated during coding sessions when using OurTool
- The code I write using OurTool is better than the code I would have written without OurTool
- I find OurTool interruptive when writing pseudocode

15. How **disappointed** would you be if you could no longer use OurTool?
- Extremely disappointed

- Very disappointed
- Somewhat disappointed
- A little disappointed
- Not disappointed at all

16. How likely are you to **recommend** OurTool to someone else who writes code?
- Extremely likely
- Very likely
- Somewhat likely
- Not al all likely

17. Would you be **willing to pay** to continue using OurTool?

18. Is there anything else you **would like to add** about your experience with OurTool?

19. Would you be open to a **follow-up interview** in the future about your experience with OurTool?
- Yes
- No
